KRAFT PAPER PACKING TAPE

Kraft paper tape is an eco-friendly tape made from durable Kraft paper, commonly used for packaging, sealing cartons, and securing shipments. It is environmentally friendly, biodegradable, and easy to recycle. Featuring strong adhesion and durability, it is a popular choice in logistics and e-commerce.

- **Material:** Made from durable Kraft paper
- **Eco-friendly:** Biodegradable and easy to recycle
- **Applications:** Ideal for packaging, sealing cartons, and securing shipments
- **Adhesion:** Provides strong surface bonding
- **Durability:** Resistant to damage during transport
- **Versatility:** Popular in logistics and e-commerce

| Width, mm | Thickness, μm | Glue Type | Length, m | Temperature resistance |
|------------------|--------------------------|-----------------------------|----------------|---|
| 45, 48, 72, 144* | 130-140 | synthetic rubber (Hot-Melt) | from 20 to 100 | from -10°C to $+45^{\circ}\text{C}$ |

* custom sizes available upon request

PRINTED KRAFT PAPER PACKING TAPE

Printed Kraft paper tape is an eco-friendly packaging solution that combines functionality with customization. Made from durable brown Kraft paper, it allows for personalized printing, such as company logos or marketing messages, enhancing brand identity. These tapes offer strong adhesion to various surfaces, including cardboard, plastic, and metal, thanks to their rubber-based adhesive. They are biodegradable and recyclable, making them an environmentally friendly choice.

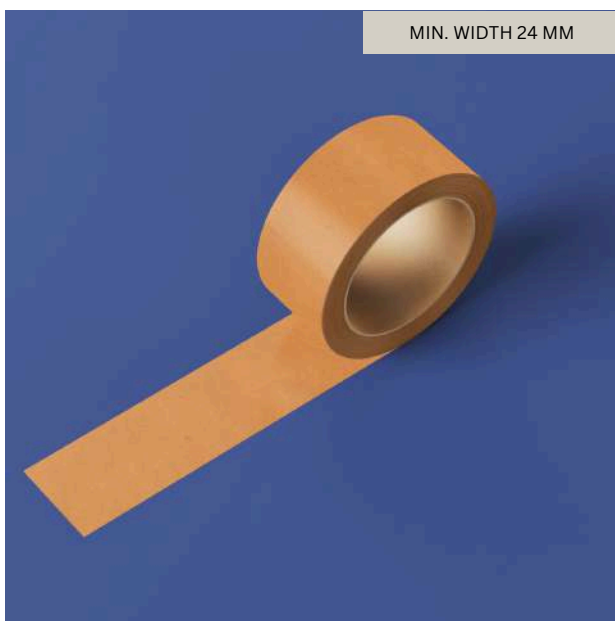

| Width, mm | Thickness, μm | Glue Type | Length, m | Temperature resistance |
|----------------------|--------------------------|-----------------------------|-----------------|---|
| 24, 36, 48, 72, 144* | 110 | synthetic rubber (Hot-Melt) | from 20 to 100* | from -10°C to $+45^{\circ}\text{C}$ |

* custom sizes available upon request

ECO PAPER TAPE

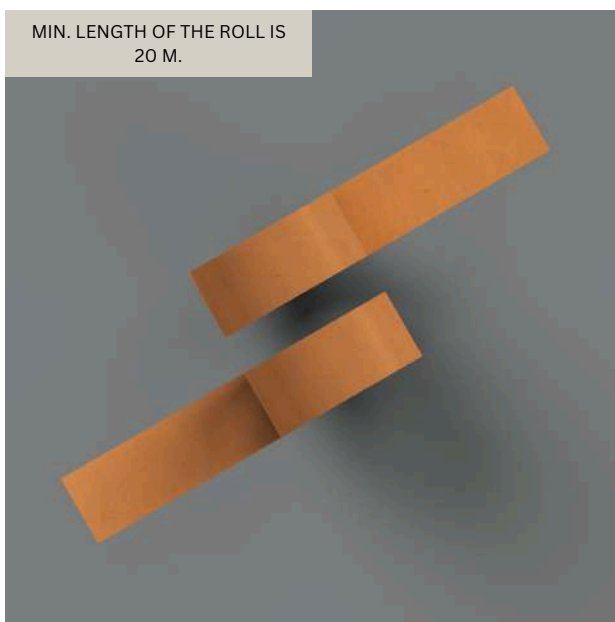

Eco Kraft paper tape is an environmentally friendly tape made from durable Kraft paper with a slightly smoother texture, distinguishing it from other types of paper. Produced from sustainable materials, it is commonly used for packaging, sealing cartons, and securing shipments. It is biodegradable, recyclable, and eco-friendly. With strong adhesion and durability, it remains a popular choice in logistics and e-commerce.

- **Eco-friendly:** Made from sustainable, environmentally friendly materials
- **Biodegradable:** Fully biodegradable and easy to recycle
- **Adhesion:** Provides strong bonding to various surfaces
- **Durability:** Resistant to mechanical damage and tearing
- **Disposal:** Easy to recycle
- **Applications:** Ideal for packaging, sealing cartons, and securing shipments in logistics and e-commerce

| Width, mm | Thickness, μm | Glue Type | Length, m | Temperature resistance |
|----------------------|--------------------------|---------------------|-----------------|------------------------|
| 24, 36, 48, 72, 144* | 120 | Syntetyczny kauczuk | from 20 to 100* | -20 °C to +60 °C |

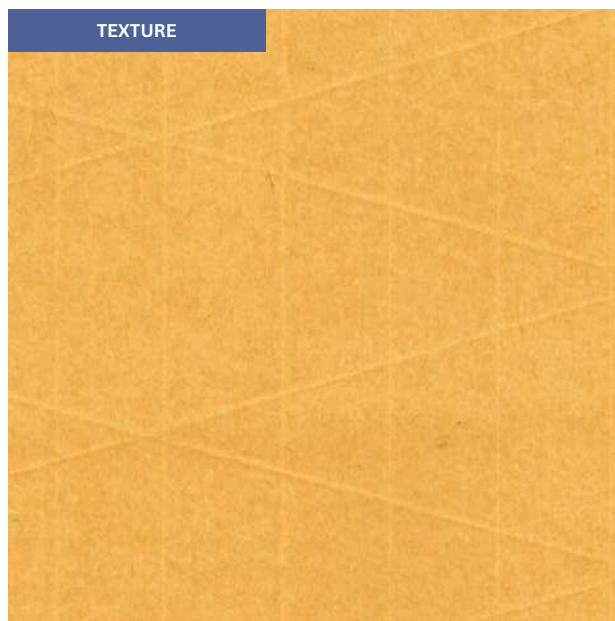

* custom sizes available upon request

REINFORCED KRAFT PAPER PACKING TAPE

Cross-reinforced Kraft paper tape is a durable material made from Kraft paper strengthened with cross-patterned fibers. It offers high resistance to stretching and tearing, making it ideal for packaging, securing loads, and construction applications such as joining drywall panels. Its eco-friendly Kraft paper base makes it environmentally friendly and easy to dispose of.

- ☐ **Material:** Kraft paper reinforced with cross-patterned fibers
- ☐ **Durability:** Resistant to stretching and tearing
- ☐ **Applications:** Suitable for packaging, securing loads, and joining drywall panels
- ☐ **Eco-friendly:** Sustainable due to its paper-based composition
- ☐ **Versatility:** Widely used in construction and logistics
- ☐ **Disposal:** Easy to recycle
